

QUIET POWER SCAN

By HUMINT Advisory & Executive Search

Intelligence that drives decisions

HUMINT

ADVISORY & EXECUTIVE SEARCH

Intelligence that drives decisions.

Reveal silent power. Activate the right influence.

Some profiles go unnoticed.

And yet, they're the ones who can shift everything — if read correctly, aligned thoughtfully, and activated at the right moment.

Quiet Power Scan is a confidential intervention designed to:

- Detect discreet, high-potential influencers
- Align posture, perception, and real impact
- Activate rare voices — clear, timely, and listened to

For whom?

CEOs, CHROs, and Executive Committees who need to:

- Surface a hidden or atypical talent
- Prepare a discreet succession
- Integrate a strategic profile into a power circle
- Strengthen a board without disruption

How it works — A 3-step proprietary method:

1. **Pre-Activation** — Mirror interview, weak signal detection, early alignment
2. **Inner Alignment** — Clarify intent, remove invisible friction
3. **Discreet Activation** — Calibrated visibility, strategic voice positioning

Results

- A leader who owns their influence
- Seamless integration into decision-making circles
- A rare, discreet, and decisive presence

Intelligence that drives decisions.
Duration: 8 to 12 weeks

Format: 1:1 sessions, discreet monitoring, strategic debrief

- **Plan a confidential diagnostic**
